O R D E R

On September 6, 1978, this Commission issued an Order herein, approving an increase in the retail rates of Jackson Purchase Electric Cooperative Corporation, on an interim basis. Said rate increase was based on a wholesale power increase from Jackson Purchase's power supplier, Kentucky Utilities Company, on file with the Federal Energy Regulatory Commission under Docket No. ER 78-417.

On July 26, 1979, a settlement agreement was accepted and approved by the Federal Energy Regulatory Commission in Docket No. ER 78-417. Under this settlement agreement, Kentucky Utilities Company was ordered to refund within thirty (30) days to four of its full requirements resale customers all excessive amounts collected since September 6, 1978, at 9% per annum.

Said refund was made to Jackson Purchase Electric Cooperative Corporation in the amount of \$220,840.51 for service through August 10, 1979, by letter dated August 8, 1979.

At this time, Jackson Purchase Electric Cooperative Corporation has not made a proper filing to reflect the reduced wholesale rate resulting from the settlement agreement in the Federal Energy Regulatory Commission Docket No. ER-78-417.

IT IS THEREFORE ORDERED, that Jackson Purchase Electric Cooperative Corporation shall file the effect of the settlement agreement in FERC Docket No. ER 78-417 on the demand and energy related costs in the same manner presented in the initial filing herein on Exhibit 5 page 1 of 3.

IT IS FURTHER ORDERED, that Jackson Purchase shall file revised tariffs reflecting the reduction of wholesale power costs under the settlement agreement in FERC Docket No. ER 78-417.

IT IS FURTHER ORDERED, that this information shall be filed within five (5) days of the receipt of this Order.

Done at Frankfort, Kentucky, this the 13th day of February, 1980.
